

Complete control of your patent
and trademark renewals with

UP TO 30%

savings on your current service charges

An abstract graphic at the bottom of the page consisting of various overlapping, sharp-edged red and white geometric shapes, creating a complex, crystalline pattern.

IPRIS provides worldwide payments of maintenance fees for granted patents, patent applications and trademarks. Through its partnership with IP Pragmatics, IPRIS offers a superior, robust and affordable IP renewals service to meet

the needs of IP Managers globally. Based in Basel, Switzerland, IPRIS is a reliable and experienced provider of patent annuity payment services for SMEs, patent attorneys, universities and research institutions around the world.

All switches to the IPRIS renewals service include a **free audit of your annual renewals schedule** against public records and no set up fee.

- A fixed all-inclusive service fee independent of the amount of the official fee, the annuity year and country.
 - A secure, user-friendly web portal to instruct IPRIS on renewals on per family or per case level, with multiple checks and balances.
 - Automatic payments of renewals and completely paperless service upon request.
 - Flexible and proactive customer service with an experienced single point of contact and support in the UK, Singapore and Australia.
 - Complete transparency with statements of renewal payments issued on a monthly, quarterly and annual basis as needed.
